BRITISH CADET DIES IN CRASH

Airman Training at Spartan School in Plane Mishap Near Oswego, Kas.

PARSONS, Kas., June 26—(AP)—
An airplane believed to be a train-
er crashed today 6 miles south of
Oswego on the farm of Mrs. Elsie
Hansens.

Farmers who saw the plane dive
said it exploded and was torn to
bits. The engine was buried in the
ground. It was not determined im-
mediately whether one or two per-
sons were in the plane.

Belief was expressed the plane
might have been from the RAF
school at Miami, Okla.

The plane, which crashed has
been identified as one from the
RAF British school. It contained
a British cadet, going alone.

The plane plunged deeply into
the ground. The body had not yet
been recovered at press-time. Since
the plane was an advanced trainer,
on routine training flight, he is
known to be one of the advanced
pupils.

The American Army ambulance
drove out to the scene, guided, as
usual, by an airplane which spot-
ted the wreckage from the air.
Wing Commander H. A. Roxburgh,
AFC, left immediately after re-
ceipt of the news to identify the
cadet.

The boy's identity will not be
disclosed until his next-of-kin are
notified.
